What is FitBiz Challenge UK?

FitBiz Challenge UK is a partnership between Sole Events, an established Sports Development and Sports Event Management company, and Kinetic Fitness, an established Gym and Sports Therapy Centre. We've created the FitBiz Challenge to fulfill the needs of two main user groups. Firstly, companies, who are obligated to provide leisure and active lifestyle opportunities to their staff, and secondly, staff, who are looking for fitness, teambuilding and networking opportunities. We believe that by providing a lunchtime based, achievable (30 mins) and team focused activity, we are providing companies, and staff, the opportunity to do all of these things, get active, work together and network with other companies.
